VINE® VICTIMS HAVE THE RIGHT TO KNOW

Please Select Your State of Interest

What is VINE?

Welcome to VINELink, an online portal to VINE, America's number one victim notification network. VINE has been providing victims and concerned citizens with the power of information for decades, allowing these individuals to have the sense of security that they deserve. VINELink can be accessed 24 hours a day, seven days a week, to provide the most reliable information for custody status changes and criminal case information.

The VINE service provides information by phone, email, TTY, and text message where available. You may also sign up through your participating state, or county's toll-free number.

Any information you provide to us in connection with your request for notification is held strictly confidential, and will never be shared with anyone outside of our VINE services, or used for any purpose other than to provide you with the VINE services, including notification of offender custody status changes and criminal case information at your request. For more information, see our [VINE Privacy Notice](#).

VINE service representatives may contact you from time to time to ask about your experience with the VINELink site and our VINE services. Your responses may be used for research or testimonial purposes but only with your express permission, which you can change at any time.
